Colorado River Near Normal
Austin, Texas, Sept. 15.—The Colorado River is fast resuming its normal conditions, the recent flood having almost run out. With the passing of danger to the Austin dam from the flood, it now appears that the water supply of the city will be effected. Since Friday the city's water supply has come from the reservoir, no water being pumped into the city's mains from the filtering trenches. The reservoir consists of four quadrants, each of 2,500,000 gallons capacity and the last of the quadrants was opened yesterday. Two of the quadrants were emptied in two days and at this rate the last quadrant will be exhausted by tomorrow morning and water must then again be pumped from the filtering trenches.

It is feared that the flood has resulted in damage to filtering trenches and it is probable that when the pumping is resumed the mains will be filled with muddy water.

Milling Industry Reviving
The Lynchburg, (Tenn.) Banner prints the following:
Old steel plants all over the country that have been closed for years are being rehabilitated and put to work. Much work has been ordered on new projects for the purpose of getting into the market while the picking is good.

Among the companies that have just completed a new plant and which is now in operation is the Youngstown Iron and Steel Company mill at Lowellville, Pa. Sheet bars are being rolled. Two furnaces of the American Steel Foundry Company, at Granite City, Ill. which have not been operated for two years, have also been started.

Wire manufacturers continue to be flooded with orders for barbed wire due to the extensive use in the great European struggle.

Sentry County Crops
A Signal man took an automobile spin (in a friend's car of course) last Sunday afternoon, through the Ira and Dunn regions. There is no better farming country anywhere. The people there are good farmers. Their crops are clean and most of the maize has been headed or cut and shocked. It looks like there is enough feed stuff for two years and the sucker crop in many fields is good. There is lots of maize and kafir yet to be gathered.

The cotton is fine and in the Ira community the fields are white and ready for pickers. Investigation fails to reveal the presence of any sort of pest in the cotton and the only question now is getting it gathered.

Big Show in West Texas
Abilene, Texas, Sept. 20.—Among the new attractions just announced for the Central West Texas Fair here October 12 to 15 will be Sells-Picco Shows on October 14th. This show is now combined with Buffalo Bill's Great Wild West and the famous old character himself will be here in person.

The famous Paul Harris Band of 21 pieces and three vocalists will give free concerts throughout the Fair week.

The Great Patterson Shows, with a number of classy free acts daily will be among the attractions.

A campaign to sell 15,000 tickets for opening day has been launched and the lady in the Central West who sells the most tickets will be crowned Queen of the Fair, and will also be given \$50 in gold, a like amount to be divided among three other winners, who will be maids of honor.

All exhibit space has been sold and the greatest Fair in the history of the Central West is now assured.

The Sanitary Removable Front of the NEW Roll Door HOOSIER

Like most wonderful inventions, this new Kitchen Cabinet is so simple that you will wonder why no one discovered it before.

Yet, makers have experimented for ten years to produce it. Hoosier triumphs again with the only kitchen cabinet that has roll doors which are sanitary and removable.

NO PARTITIONS

Note the entire absence of cranny holes or dirt breeding pockets. As on all Hoosier Cabinets the space of the cupboard is free of partitions. The doors slide in an ingeniously contrived channel which is on and easy to clean. A simple motion removes the doors and a which broom or cloth dusts out the channel completely. You will recognize all the other features that make the Hoosier Cabinet famous.

This Week for \$1 Cash

Women—If you are tired out at night; if your back aches; if you never get through; if you want system in your kitchen, get a Hoosier on trial tomorrow and see the difference. The Hoosier will amaze you with its saving of time, labor and steps in a single day!

Men—If your wife is not strong, ask your doctor what standing all day in the kitchen means; if you like good meals on time; if you had rather have your wife with her family in the evening instead of devoting the whole evening to cleaning up the supper dishes—buy her a Hoosier—and do it NOW. A Dollar a Week quickly pays for it, and it saves its price over and over every year.

This is the "ROLL DOOR HOOSIER" With the only sanitary, removable roll doors

Here are four other HOOSIERS to pick from:

The NEW HOOSIER WONDER at 80 less than standard prices—with aluminum side and white enamel cupboards.

The NEW HOOSIER SPECIAL—midway between the Hoosier Wonder and Hoosier Beauty in convenience—and equal to the Hoosier Beauty in size.

The HOOSIER BEAUTY—the National Step Saver; most complete and most practical kitchen cabinet ever made; most popular cabinet in the world.

The NEW HOOSIER DE LUXE—all white enamel inside and out—a kitchen cabinet of remarkable beauty.

One exactly fits your needs, and at a price you easily can pay. The choice of these five Hoosiers on these remarkable terms lasts only until this small lot is sold. Come tomorrow early.
